President's Report.

To the Members of the Hebrew Free School Association :

LADIES AND GENTLEMEN :—Another year's work of this Society has ended, and we meet to review the past and to encourage each other for the future. The Jews of New York are liberal supporters of every institution and association whose object it is to benefit those who require assistance. The Hospitals and Homes of our city testify to the extent of the work in aid of those suffering physically, while the Hebrew Free School Association charges itself with the religious education of the children of that numerous class who have neither the means nor the opportunity of providing such instruction. Every synagogue in this city devotes a great portion of its energy and income in looking after the religious training of the children of its members, and the Sabbath schools connected with our places of worship receive a large share of the time and thought of both ministers and laymen. What is being done in our Sabbath-schools for the children of the members of this Association is precisely what is done by us for the children of the down-town district. Without this Association the thousands of Jewish children now under its care would be utterly unable to obtain any religious training: 5,515 pupils have been under our charge during this year, and we now have on our rolls 3,283. These figures will give you an idea of the enormous amount of work that devolves upon us, and it is a matter of some pride that this has been accomplished with our very limited income. Although the entire expense of conducting our schools is less than \$13,000, the work that is accomplished is as thorough and the results obtained are as good as in the

very best Sabbath-schools in this city. For the details of our work, I refer to the very elaborate and able report of the Discipline Committee.

FINANCES.

Notwithstanding the fact that this has been a year of great depression, our income from the usual sources has been somewhat larger than it was last year, but it is still inadequate to meet the necessary demands upon us, and our Treasurer's report will show a deficiency of \$3,878.04, to which extent the resources of the Association have been diminished. In accordance with our contract with the Educational Alliance, they are to reimburse us for this deficiency. It is very evident that with the growth of the Alliance we must expect a decrease in our membership, but we hope that the time is not far distant when the work of this Association can be confined to the care of the religious schools, and for this purpose it is more than likely that our income will be adequate.

We have received during the year a legacy of \$500 from the estate of Jesse Seligman and one of \$50 from the estate of Clara Bernhard, and donations amounting to \$465 have been received from :

Charles Hallgarten	\$150 00
Henry Budge	125 00
B. Mainzer	125 00
S. Stiefel	50 00
Charles Bernstein	10 00
David Marks	5 00

We have lost by death the following members since our last annual meeting :

Jesse Seligman,	Adolph Bernheimer,
Jacob F. Bamberger,	S Lorsch,
Alex Rich,	Mrs. Scholle,
Adolph L. Sanger,	J. F. D. Solis.

PRIZES.

Prizes, consisting of gold and silver medals, books and savings-bank deposits, were distributed during the year in memory of Sir Moses Montefiore, Edward I. asker, Rev. S. M. Isaacs, Rev. Dr. Lilienthal, Rev. Dr. Huebsch, Louis Phillips, Caroline Korn, Joseph Reckendorfer, Samuel J. Solomon, Simon Lightstone, W. J. Reitlinger, S. W. Asheim, Samuel Cohen, Adolph Hallgarten, Jonas Strauss, Juliana Hendricks, Alexander Blum, N. K. Rosenfeld, Isaac Vogel, Simon Enoch, Mrs. John M. Davies, Bernard Stern, Louis Stiefel, Herman Korn, L. Bergman, George H. Jacobs, David Dinkelspiel, Mrs. Simon Lightstone and Theodore M. Lilienthal.

I take pleasure in mentioning the names of those who, by reason of their proficiency, were awarded the following prizes :

Pauline Englander	Clara Schiff Prize.
Jennie Goldstein	Honorable mention.
Mattie Gantz	Honorable mention.
Sarah Lazarus	Mrs. Jacobs' Prize.
Maurice Hirshberg	Mrs. Jacobs' Prize.
Bertha Gluck	Frieda Schiff Prize.
Maurice Hirshberg	Clarence Korn Prize.
Dora Fuchs	Louis Stiefel Prize.
Solomon Brenner	Moses Schiff Prize.
Charles Glusker	Honorable mention.

CONFIRMATION.

The exercises this year were conducted by the Rev. Drs. Benjamin, Cahn and Noot in the presence of a very large audience, composed of the relatives of the confirmants and many other friends of the Institution.

SABBATH-AFTERNOON SERVICES.

The Sabbath afternoon services have become an important feature of our work, and the committee in charge have been constant in their attendance. Their interesting report

will be submitted to you, and our thanks are due to Rabbis Kohler, A. Wise, Radin, Grossman, Geismar, Silverman and Harris, and Cantors Cahn, Goldstein, Silberman and Sparger, who conducted the services during the year.

KINDERGARTEN.

The report of the Kindergarten Society is full of details, and the work that is being done by them is of the greatest importance. Nearly two hundred children are receiving instruction on the most advanced kindergarten plans, and the schools are a model of their kind. It is extremely unfortunate that the work of this Society is somewhat hampered by our inability to furnish them with sufficient funds to extend their work, and in fact the sum appropriated during this year (\$4,200) was far in excess of our ability and far below what was necessary. We hope that a solution of our inability to support the Kindergarten Society to the extent that it deserves may be reached through our friends of the Educational Alliance. The purpose of the Educational Alliance was to undertake this character of work and relieve our Society from it. The public has not yet responded with sufficient funds to bring about this result, but we are hopeful that the time is not far distant when we may expect the Alliance to be endowed with funds enough to carry out the great work for which it was organized.

OUR WORK.

As I have previously mentioned in my report, nearly six thousand children have received instruction in the schools of this Association during the past year. Few in this community have any idea of the great number of children that are under our care, and fewer still are aware of the character of the work that we are doing. It should be our object to induce the many friends who contribute towards our funds to pay a visit to the scene of our activity. Nothing more

would be necessary to raise a host of friends and workers. Our great difficulty is that a wrong impression prevails as to the scope of our schools, the general opinion being that our pupils are kept from Public Schools and devote their time to the study of Hebrew. We cannot too frequently repeat the fact that our schools are primarily intended for religious instruction, and that the study of Hebrew is just as prominent with us as it is in other Jewish Sabbath schools, and that, in order to be eligible for admission, a child must be a pupil in some Public School. Every influence for good is exerted upon those in our care, and strong evidence of the good results is in the universal commendation from Public School principals, who, in answer to inquiries upon the subject, inform us that the children of the Hebrew Free School Association rank in their schools among the best, both in scholarship and deportment. Altogether, we have every reason to congratulate each other upon what has been accomplished, and to look forward to the future with the brightest anticipation.

ALBERT F. HOCHSTADTER,

President.

NEW YORK, December 26, 1894.

Discipline Committee.

To the President and Members of the Hebrew Free School Association :

The Discipline Committee, in submitting its report for the year ending November 30th, 1894, cannot refrain from calling attention to the large and steady increase in the number of pupils enrolled in the Religious classes of the schools, and at the same time it asks a close inspection of the statistics which this report will furnish and an appreciation of certain conditions which these statistics will disclose. Inasmuch as this Committee has no jurisdiction over the Kindergarten classes, and in view of the fact that the control of the Industrial classes has been assumed by the Educational Alliance, this report will deal exclusively with the records of the Religious classes.

This is the fourth annual report presented to this Association since the removal of our school at 206 East Broadway to the Hebrew Institute, and the following tables show the numerical growth of the schools during the last four years :

November 30th.	Total Enrolment.	Increase.	Increase per cent.
1891	2,579
1892	2,658	78	3
1893	2,843	185	7
1894	3,283	440	15½

By Schools and Sexes :

BOYS.

	5th St. School.	Per ct. Dec.	Per cent. Inc.	Institute.	Per cent. Dec.	Total.	Per cent. Dec.	Per ct. Inc.
1891	472	813	..	1,285
1892	456	3	..	608	25	1,064	16	..
1893	420	8	..	499	33	919	14	..
1894	567	..	35	451	10	1,038	..	13

GIRLS.

Nov. 30th.	5th Street.	Per cent. inc.	Institute.	Per cent. inc.	Total.	Per cent. inc.
1891	615	..	679	..	1,294	..
1892	628	2	956	42	1,594	23
1893	740	18	1,184	23	1,924	21
1894	755	2	1,510	28	2,265	18

In the last report made by this Committee, attention was called to the fact that hundreds of children were awaiting their turn to be admitted, and to provide instruction for at least a part of the overflow, small classes taught by volunteers had been established. These small classes have since been abolished, but the demand for admission has been met, in part, by changing the number of sessions for each section from three per week to two. The experiment is still too new for the Committee to be able to state definitely whether the reduction of the teaching time will affect the amount of instruction given. A new curriculum (of which more hereafter) has recently been introduced, and it will take another year to demonstrate whether two sessions per week will suffice for completing acceptably the prescribed course.

An examination of the table showing the enrolment for the past four years will disclose an astounding decrease in the number of boys, particularly great in the Institute School. The Committee has given this matter long and careful consideration, and finds it impossible to effect a harmonization between the parents of the children we wish to benefit and the contributing public whose money we need to maintain our schools.

On the one side is the cry, "We want more Hebrew for our boys;" on the other, "I won't subscribe money for teaching Hebrew: we don't need Hebrew in America." And what is the result? Our income is steadily decreasing, because an enlightened (?) public will not pay for instruction in Hebrew, and the boys—the boys who are growing into men who may become a menace to the community—are withdrawn

from our influences, because we do not furnish enough instruction in Hebrew.

Whether we wish these boys to become good Hebrew scholars or not is not the point in question; but when we force them into the old-fashioned "Cheder," into influences un-American, unrefined, uncultured, un-everything but Hebraic, ours is indirectly the responsibility for the evils which are the outgrowth of such surroundings.

It is a much-mooted question whether schools in which all instruction is given either in Hebrew or in the jargon come within the statutory "Compulsory Education Act," and this Committee cannot too strongly recommend that a special investigation be made by canvassing the neighborhood, to get statistics as to the number of existing "Chedarim," the character of the instruction give therein, and such other data as will enable the proper authorities to compel an observance of the laws appertaining to compulsory education. It would further recommend that the Board of Education be petitioned to open more primary schools (with, possibly, Kindergarten classes) in the neighborhood of the Institute, the present accommodations being wholly inadequate.

The following tables need no explanation, and will give some valuable information:

No. of Classes :

	5th Street School.	Hebrew Institute.	Total.
1891	19	24	43
1892	19	24	43
1893	25*	32*	57*
1894	25	36	61

* Including additional classes.

Total No. of Pupils Withdrawn :

	5th Street School.	Hebrew Institute.	Total.
1891	549	841	1,390
1892	635	1,122	1,757
1893	611	1,302	1,912
1894	741	1,535	2,276

Total No. of Pupils Admitted :

	5th Street School.	Hebrew Institute.	Total.
1891	606	1,061	1,667
1892	632	1,204	1,836
1893	687	1,411	2,098
1894	903	1,819	2,722

Total No. of Pupils taught during the Year :

Institute	2,571	931	3,502
	<hr/>	<hr/>	<hr/>
Total.	3,809	1,756	5,565

COURSE OF STUDIES.

A revised course of studies prepared by a special Committee of the Advisory Board was approved by the Discipline Committee, adopted by the Board of Directors and put into effect in March, 1894. A copy thereof is hereto appended.

The course is comprehensive and thorough, and if the children in the upper classes be not withdrawn before completing all the grades, the Committee feels assured that in religious training they will be the equals, if not the superiors, of the graduates of the foremost Jewish Sunday-schools of the United States.* Unfortunately many of our older boys and girls are withdrawn before graduation. The unusually hard winter of last year with its accompaniment of illness and suffering, caused many of our older boys and girls to leave their studies in order to do their little towards helping the family. The boys go to work, the girls too, at times, or they are kept at home to help the overworked or perhaps invalid mothers.

* In fact, classes examined this year by Rev. R. Benjamin, representing the Advisory Board, showed the very highest results.

As a result, our upper classes are specially small this year, and since a completion of the First Grade is now a prerequisite for confirmation, there are strong probabilities of there being no Confirmation exercises in 1895.

Register No. by Grades, November 30th, 1884 :

Grade.	Boys.		Girls.		Total.		Whole Total.
	5th Street.	Institute.	5th Street.	Institute.	5th Street.	Institute.	
1	22	..	22	..	22
2	..	48	43	95	43	143	186
3	76	53	17	117	93	170	263
4	52	91	109	153	161	244	405
5	230	142	262	367	492	509	1,001
6	214	117	297	778	511	895	1,406
							3,283

Average Age by Grades :

Grade.	Boys.				Girls.			
	5th Street.		Institute.		5th Street.		Institute.	
	Yrs.	Mos.	Yrs.	Mos.	Yrs.	Mos.	Yrs.	Mos.
1	13	6
2	12	5	12	10	12	9
3	11	10	11	4	11	8	12	2
4	10	10	11	2	11	5	11	3
5	10	4	10	1	9	8	10	4
6	9	3	10	0	8	9	10	11

This last table will show that we lose most of our children at the age of twelve or thirteen, just when they are in greatest need of influences for good. The Educational Alliance does not reach forth its guiding hand to these young people until they reach the age of sixteen. This leaves a gap of three or four years at a time when both heart and mind need guidance. Who will assume the work of bridging over this gulf?

And while mentioning the work of the Educational Alliance, let us not for one moment forget how much is due to its work and influences. Through its classes those among our children who desire to do so, receive instruction in plain

sewing, mending, patching, etc , free of charge, and our older boys and girls are admitted to their junior classes in physical training, and the girls to their junior classes in cooking.

No. of Hebrew Free School Pupils in Educational Alliance at present:

Industrial Classes.....	160 Girls.
Physical Culture.....	10 Girls; 20 Boys.
Cooking Class.....	40 Girls.

A review of the history of the Hebrew Free School Association will show that to that body belongs the credit of first advocating industrial classes, free kindergartens, preparatory classes for theological students and technical training for boys. Once more we are the first to move in the direction towards which all existing corporations should endeavor to steer—that is, towards making an effort to concentrate and strengthen the work of existing societies. New York has too many societies, but only by earnest, honest, unselfish co-operation and by steady harmonization of aims can the work of concentration be brought about. To this end, the Hebrew Free School Association is serving not only itself, but the whole community, when it attempts to dovetail its work with that of the Educational Alliance on one side, and of the Technical Institute on the other. At present thirty-four of our boys are attending the Hebrew Technical Institute.

The total number of school sessions held during the year was.. 269

No. of sessions omitted..... 45

TRAINING OF TEACHERS.

The Discipline Committee feels bound to call attention once more to the fact that there is still no effort being made

on the part of the Congregational Schools Boards to co-operate with us in organizing classes for training Sabbath-school teachers. Is it necessary at this late day to inform those in charge that the moral risk of entrusting religious training to amateurs is as tremendous as would be the physical risk of entrusting bodily wants to untrained, unprepared physicians?

CONFIRMATION EXERCISES.

Forty children (thirty-nine girls and one boy) received the rites of Confirmation on Sunday, June 3rd, 1894, the Rev. Drs. Benjamin, D. Cahn and I. C. Noot officiating.

The Frieda Schiff Prize of fifty dollars was given to Bertha Glück.

The Clarence Korn Prize of twenty dollars was given to Maurice Hirschberg.

The Mrs. H. S. Jacobs prize of a watch and chain given in memory of her husband, the late Dr. H. S. Jacobs, was awarded to Maurice Hirschberg.

The George S. Jacobs Medal was given to Sarah Lazarus.

The "Our Own" returns, noted elsewhere, demonstrate the advantage of collecting contributions from children's savings. Such donations train little ones in the art of giving, and at the same time result in a considerable revenue. If children who have so few advantages as those under our care, can do so much, how much more should be done by those in good comfortable surroundings?

Every Christian church of means supports in addition to its own Sunday-school, one or more Mission Schools situated in tenement-house districts. Every child in every Christian Sunday-school contributes something for the support of these Mission Schools; many, in fact, even contribute to the Board of Foreign Missions. Why, then, should not our Jewish children in the well-to-do up-town Sunday-schools be made to feel their obligations to the children in the Free Schools, the veritable Mission School of the Jews?

“Hospital Saturday and Sunday” brings with it a recognized obligation. Why cannot we institute a Mission Saturday and Sunday, one day set aside by every Jewish congregation and Jewish Sunday-school for contributions for the support of our free religious classes?

Then with the help and influence of all who have the future of enlightened Judaism at heart, let the good work go on, and with God’s blessing to crown our endeavors, rest assured that the seeds sown in our schools will bear a rich harvest.

Respectfully submitted,

JULIA RICHMAN, *Chairman*.

JOSEPH LILIANTHAL.

JOSEPH SILVERMAN, D.D.

WM. C. POPPER.

LOUIS MARSHALL.

Committee on Prizes.

The Special Committee on Prizes respectfully reports as follows :

1. That the last Sunday in June or thereabouts be set aside for the regular distribution of annual prizes.
2. Annual prizes shall consist of silver In Memoriam medals and books.
3. Three annual prizes shall be awarded to each regular class in both schools to be known as prizes : A, B, C.
 - A. For highest rank in Biblical History.
 - B. For highest rank in Hebrew.
 - C. For greatest improvement in personal habits.

Prizes A and B to be awarded upon the term's marks.

Prize C upon recommendation of class teacher and principal.

4. A silver medal properly inscribed shall be given by the H. F. S. A. in memory of every testator, as per In Memoriam list in Annual Report, or to perpetuate the memory of any other friend of the Institution, whose name shall be added to the In Memoriam list by vote of the Directors.

The clerk shall inform the Chairman of the Discipline Committee on the first of June annually if any legacy or legacies have been received since the close of the last annual report, and the name or names of such testators shall be added to the list.

5. It is recommended that a special medal be designed for such purpose.
6. These medals (at present about 36 in number) shall be awarded to the prize winners of the highest classes in both schools, care being taken to make them cover all classes of the same grade. The Discipline Committee shall have power to distribute these medals in case there be more than twelve classes to participate.
7. Prizes in all the other classes shall consist of books.

SPECIAL PRIZES.

Nos. 1 and 2. (Heirs of Louis Stiefel) Two cash prizes of \$20 each, to assist two of the H. F. S. girls, in moderate circumstances,

after they have successfully passed the examination for admission to the Normal College. To be awarded in October, upon application made in June or July, after investigation by the President.

No. 3. (Heirs of Louis Stiefel.) One prize of \$25 to a boy selected for general excellence among the confirmants of previous years, who must be at least 15 years of age, such boy having been a pupil of the technical class or school not less than two years. To be awarded upon recommendation of the Principal of the Technical Institute.

No. 4. (Heirs of Louis Stiefel.) Prize of \$25 to pupils of the dressmaking class, conditions the same as No. 3. To be awarded upon recommendation of the proper authorities of the Educational Alliance.

Nos. 5 and 6. Two cash prizes of \$40 (Wm. Sahlein), to H. F. S. boys, who shall have completed the course of study at the Hebrew Technical Institute, such boys, however, requiring to rank high at graduation from the H. T. I., upon recommendation of the Principal of the Technical Institute. In the event of there being no suitable candidates at any graduation, the money shall remain in fund until proper candidates present themselves.

Nos. 7 and 8. (Jacob H. Schiff.) Two prizes of \$30 each, to one boy and one girl respectively, on the anniversary of the death of Moses and Clara Schiff. It is recommended that the competitive examinations for both of these prizes be held simultaneously within two weeks of Passover, but the prizes are to be held for award until the respective anniversary dates. No pupil in a lower class than the second grade in public school shall be allowed to compete.

No. 9. (Caroline Korn Prize.) Annual prize of \$15 to one female pupil for proficiency in Hebrew. To be awarded upon competition. Each teacher of a highest grade girls' class shall recommend as competitors her best three pupils. Dr. Silverman, or some one appointed by him, shall examine these competitors, and the prize be awarded to her of first rank.

No. 10. (Frieda Schiff Prize.) \$50 to be annually given to that girl among the confirmants who, in the judgment of the Directors, shows highest traits of true womanliness. To go to Fifth Street school No. 1 in 1894 and alternate thereafter. Three names proposed by written votes of classmates shall be submitted to the President, from among which, after investigation, he shall make the selection.

No. 11. (Clarence Korn Prize.) \$20 to be given annually to some one boy among the confirmants, whom the Directors find the most deserving. To go to Institute in 1894 and alternate thereafter. To be recommended by class teacher and principal.

No. 12. Medal by Mrs. Jacobs. To go to Institute in 1894 and alternate thereafter. Conditions same as Prize 10.

No. 13. \$5 in gold. Mrs. Jacobs. To go to Fifth Street school in 1894 and alternate thereafter. Conditions same as Prize 11.

No. 14. Gold medal in memory of Rev. S. M. Isaacs.

Prize 10, 11, 12, 13 and 14 shall be awarded at the Confirmation Exercises.

Revised Course of Studies.

The course of study shall cover a period of three and one-half years, and shall be divided into six Grades.

The regular time allotted for the completion of each Grade, excepting the First, is one-half year; for the First Grade, one year.

Promotions, excepting into and from the First Grade, shall be made semi-annually: the exact time of such promotions to be fixed by the Discipline Committee.

Each class will be required to attend school two sessions weekly, the special days to be designated by the respective Principals of the schools.

No pupil shall be advanced to a higher class until after such pupil has been examined by the proper authorities and found fit for such advancement.

No pupil shall receive the Rite of Confirmation until such pupil shall have passed a satisfactory written examination in all the studies of the First Grade.

Each pupil shall receive, after his or her Confirmation, a diploma certifying to his or her proficiency in the various studies of the school, and he or she shall then be considered a graduate of the school.

SIXTH GRADE.

1. Alphabet and Spelling (Hebrew).
2. Morning and Evening Prayers and Blessings (English).
3. Ten Commandments, in brief (English).

4. Festivals, in brief (English).

5. Stories of Patriarchs, of Joseph, and birth of Moses.

The Principal will supply each teacher with the exact work he or she desires for Items 1, 2, 3 and 4.

Biblical stories are to be told only in the form of *narrative*. Teachers must make these narratives as interesting as possible, and should make every effort to encourage originality of expression on the part of the pupils who repeat these stories.

Review both biographically and chronologically.

FIFTH GRADE.

1. Hebrew Reading

2. Prayers and Benedictions, and Shema, first part (Hebrew and English).

3. Festivals and Months (English).

4. Ten Commandments (English).

5. Review Stories of Sixth Grade, and continue to the death of Moses.

The Principal will assign the exact work he or she desires for Items 1, 2, 3 and 4. For 5, see note under Sixth Grade.

N. B.—Bible Stories are to be taught as far as possible with the aid of the map, so that pupils may be able to trace journeys, etc., geographically.

FOURTH GRADE.

1. Hebrew Reading, with simple rules.

2. Shema, completed; Ten Commandments (Hebrew and English).

3. Commandments with explanations; Festivals more fully explained.

4. Review Biblical Stories of Fifth and Sixth Grades.

5. Stories of Joshua, Judges* and Ruth.

See notes under Fifth and Sixth Grades.

THIRD GRADE.

1. Hebrew Reading and *Grammar*: Pronouns, persons, gender, prefixes and suffixes, and such rules as are necessary for a proper understanding of the translation.

2. Translation of *ברוך שומר מצוה*, till end of the *שמנה עשרה*.

* Pay special attention to Deborah, Gideon and Samson.

3. Review Commandments ; Festivals and Months.
4. Review Stories told in the lower Grades.
5. Stories of Creation (including first eleven chapters of Genesis).
Eli, Samuel, Saul, David, Solomon, Elijah and Elisha.
See notes under Fifth and Sixth Grades.

SECOND GRADE.

1. Hebrew—Reading and Translation of הכל יודוך till end of
השם העשרה and אוישר, הלל, the entire Sabbath afternoon service and
ר"ה שמיני for Rosh Hashanah and Yom Kippur.
2. Translations from משפטים and קדושים and the first chapter of
פרקי אבות (Ethics of the Fathers). Grammar : nouns and verbs.
3. Explain the Jewish Calendar ; Festivals ; Creed of Mai-
monides (English).
4. Review Biblical History of lower Grades.
5. Stories of Isaiah, Jeremiah, Ezekiel, Jonah, Job, Daniel,
Esther, the Maccabees, Ezra and Nehemiah.
See notes under Fifth and Sixth Grades.

FIRST GRADE.

1. Reading and Translation from Leviticus xxiii. and Exodus
xvi. ; Ethics of the Fathers, chapters 2, 3 and 4.
2. Review Second Grade reading and translation.
3. Confirmation Manual.
4. Names and principal contents of the twenty-four Books of the
Bible ; explanation of the Apocrypha, Works of Philo, Josephus and
Talmud.
5. Review of all the Biblical Stories. Take a synopsis of post-
Biblical History, according to Hecht's Book, up to the present time.

Sabbath Afternoon Services

To the President and Members of the Hebrew Free School Association:

The Sabbath Afternoon services, inaugurated some years ago, have been successfully continued. The attendance is limited only by the capacity of the Auditorium, and it is no uncommon occurrence on Saturday afternoons, when the weather is pleasant, to turn hundreds away after every seat has been taken.

Services were held every Sabbath during the year except during the Passover holidays, and from June to October 28th. Many rabbis and cantors have participated, and to all of them special thanks are due, but more especially to Rev. Dr. Silverman and Rev. Mr. Kahn for their unremitting personal attention to these devotional exercises, and for their assistance in enlisting the members of the Rabbis' and Cantors' Associations in our work.

The musical exercises, under the direction of Mr. Sabel, are a pleasing feature, and Miss Strelitz continues her labor of love in taking charge of the large assemblage every Sabbath. In this work she is frequently assisted by several of the teachers of each school.

We have recently undertaken the work of ascertaining the "Jahrzeit" of those who have made bequests to our Association, or have, in other ways, assisted us. On the Sabbath succeeding each of these anniversaries a short sketch of the life and work of the deceased is given, and the whole assemblage rises and joins in the Kaddish in honor of the deceased. For these afternoons, special invitations are addressed to the families concerned.

We have need of a pair of clasps for our *Sepher* as well as a *Yod* for the use of the Reader, and we hope that the mention of our needs may induce some of our members to present us with the necessary articles.

The rabbis and cantors of all the temples seek recreation during the summer months, and in the early fall during the holiday season, their time is so fully occupied that for one third of the year our children are without any religious Sabbath service. It seems desirable, in view of the fact that no considerable number of our children leave the city during the summer months, that some arrangement should be made which would insure services every Saturday during the year, and this course is respectfully recommended.

Respectfully submitted,

HENRY BUDGE

By the Committee in charge in his absence.

Report of "Our Own."

To the President and Board of Directors of the H. F. S. A. :

In spite of the "hard times," which during the past year were felt on every side, "Our Own" is in a healthy financial condition. True, our list of outside voluntary contributors has somewhat diminished—no doubt the effect of the above-named "hard times"—but the contributions of the children's pennies continued, as ever, to swell our bank account. We must extend our heartfelt thanks to our kind friend, Mrs. Henry Budge, who donated her usual gift of \$50 on February 28th, which helped toward giving the children a good time on their excursions.

These excursions were given on July 11th and 17th. School No. 1 attended the first, and School No. 2 the second, the girls of the Industrial Class accompanying School No. 1. With the usual accompaniment of music, ice-cream and cake, every one was bound to have a good time, and they had it. Of course, these excursions are a drain on the pocket-book of the Society, but the anticipation of the pleasure for weeks ahead and the final realization of it are worth double the amount.

In view of the distressing times, the children were willing to forego the pleasure of their usual Purim treat, and to donate even more than the expense of such treat towards the assistance of parents of children belonging to "Our Own." Lists of such parents assumed to be needy were given to the United Hebrew Charities and to the New York Association for Improving the Condition of the Poor. The persons named were visited in their homes. The Charities assisted all upon their list that apparently required it, and the latter Association distributed \$500 among those found in absolute need, many upon the list refusing assistance. We cannot too highly commend the Charities and the Association for

Improving the Condition of the Poor for their co-operation at this trying time.

The sum of \$100 was distributed by Mrs. L. Wallach and \$25 by Mr. A. F. Hochstadter for special cases.

The following is our statement of receipts and disbursements :

In conclusion, we desire to thank the teachers and directors who worked so earnestly for and with us, and all kind friends who interest themselves in our welfare.

Respectfully,

J. LILIANTHAL, *Chairman.*

EDMOND E. WISE.

Committee on Technical Instruction.

To the President and Board of Directors of the H. F. S. A. :

It being part of my duties, as Chairman of the Committee on Technical Instruction, to report the condition of the classes attending the Hebrew Technical Institute during the past year, I feel I cannot do better than to give the explicit report handed to me by Professor Loeb, Chairman of the Instruction Committee, which I herewith submit.

JOSEPH LILIAN'THAL.

PROFESSOR LOEB'S REPORT.

J. LILIAN'THAL, Esq.,

Chairman Committee on Technical Instruction,
Hebrew Free School Association.

MY DEAR SIR:—In accordance with your request, I herewith present to you that information concerning our joint afternoon classes, which can be obtained after a rather short period of activity. These classes were opened in the first week of last March, after some discussion between your committee and the corresponding committee of the Technical Institute, of which I have the honor to be Chairman. Our object was to give some manual training to those of your boys who were able and willing. Since your schools divide the children into classes which meet on alternate days, we arranged an A Section to meet Monday and Wednesday afternoons, and a B Section to meet Tuesdays and Thursdays. Mr. John Morrison, one of our teachers in wood-working, was put in charge, and has proved an able and sympathetic teacher. The classes were continued in this fashion until October 1st, the only intermission being during the first two weeks of July and the first two weeks in August.

Average Daily Attendance.		
	Section A.	Section B.
March	30	29
April	16	19
May	21	20
June	19	15
July	20	—
August	20	—
September	13	—

In July, five boys from these two classes entered our School as regular pupils.

On July 1st, the two classes were consolidated into an advanced Section A, while a beginners' class was formed from new material sent to us by Mr. Noot and Miss Abrahams, in September.

						Average Daily Attendance.	
						Section A.	Section B.
September	13	18
October	15	15
November	17	24
December	16	19

The attendance, as shown in these tables, does not tell the story completely; it represents only about fifty per cent. of the actual enrolment, and the individual boys have been rather irregular in their attendance, so that the composition of the classes has not been very uniform. This is the chief criticism to be made, and it must be said that stricter discipline alone will remedy the difficulty.

As far as the actual benefit to the children is concerned, I think that the educational value of systematic manual training is fully acknowledged. Up to the time that our Public Schools present adequate provisions for this, the work in which your Society and ours are co-operating is of the greatest importance. It is only to be hoped that means may be found to cause at least eighty boys, our full capacity, to avail themselves of this opportunity.

In this respect, and in all other points where we can improve the intellectual and moral condition of our wards by co-operative work, we bespeak your hearty aid and interest.

Very respectfully,

MORRIS LOEB,

*Chairman Instruction Committee,
Hebrew Technical Institute.*

In addition, we desire to thank the officers of the Technical School for the interest they take in our boys, and also Mr. Barney and his corps of teachers for the many kindnesses shown them. To our own principals, Mr. Noot and Miss Abrahams, a word of thanks is due for encouraging the boys to attend. More of our East Broadway boys would avail themselves of the opportunity of attending were it not for the great distance.

Respectfully submitted,

J. LILIANTHAL, *Chairman.*

The Kindergarten.

To the Managers and Associate Members of the Kindergarten Society of the H. F. S. A.:

LADIES:—For the year ending December 1st, 1893, we received from the H. F. S. A. for the support of our schools the sum of \$5,000, of which amount we expended \$4,968.62, which, together with the balance on hand, December 1st, 1892, of \$271.25, left us a balance of \$302.63 at the beginning of this year.

As intimated in my last report, in consequence of the needs of the H. F. S. A., the necessity arose of our contributing something towards the expenses of the Kindergarten during the past year. The H. F. S. A. allowed us this year only \$4,200, being a deduction of \$800 from the amount received the previous year. To meet our expenses in addition to our balance as above, we were compelled to advance an additional sum of \$384.58 from our own little fund, with which we discharged the expenses of the current year, amounting to \$4,887.21, leaving us a balance on hand, according to the Treasurer's report, of \$36.22.

We were very economical during the past year and our expenses were somewhat less than during the previous year. We have reached the point, however, where it is impossible to reduce expenses any further without injury to the schools or the work accomplished there. The hard times through which we have passed have also affected the H. F. S. A., and while they have manifested every desire to preserve the Kindergartens, it is a question whether they will be able to continue the two schools with their present income. By years of labor and care, we have managed to establish two schools which are models of their kind; much good work has been done, and we are brought face to face with this economic question. It has been suggested that we give up one school;

this is out of the question in view of our duty to our faithful teachers and the wards we have undertaken to provide for. It has also been proposed that we should reduce the number of our teachers and increase the number of children in the classes—this is also an impracticable suggestion for the reason that it is as much as one teacher can do at present to take care of twenty to twenty-five children. The observation may be permitted here that our children range from three to six years; they, therefore, require more care and attention on the part of the teacher than pupils more advanced in years. It is less onerous for an ordinary teacher to take charge of a class of from thirty to forty children of the age of six years and upwards than to take care of one-half that number under five years of age. The amalgamation of classes, therefore, is impracticable, and no competent Kindergartnerin can be found to stand the strain of such an experiment. I am hopeful, however, that the improvement in the times will enable us to bridge over this situation, and that the many charitably disposed will not allow the little ones to suffer, nor permit the good work which our schools are doing to be interrupted. So far as the work itself is concerned, you need no assurances from me. Our schools are acknowledged to be equal to the best in this city, and are frequently referred to by those who are familiar with kindergartens, as standards of kindergarten work.

Our principals and teachers are interested in their work, and produce results which are extremely gratifying to us. To Misses Mandel and Mawson and their assistants, we wish to give utterance to our appreciation of their loyal devotion to our charges and their duties. You will observe from the report of the House Committees that more clothing has been distributed this year than in many previous years, again due to the wants of the children. There were distributed by House Committees 157 articles of clothing in School 1, and 191 articles of clothing in School 2. For fuller details I beg to refer you to the report of the House Committees.

The Children's Penny Fund, which was established last year, amounted to the sum of \$139.02, which somewhat adds to our income. How creditable to be the parents of our wards, who already evidence their desire to do their mite !

At the beginning of this year, through Mr. Albert F. Hochstadter, the President of the H. F. S. A., we received a donation of \$100 from the funds of "Our Own," to be distributed among the poor parents of our children who might apply or were worthy of aid. After investigating cases brought to our notice we expended the sum of \$58.88, and transferred the balance of \$41.12 to our Contingent Fund. Our thanks are due to Mr. Hochstadter for this contribution,

During the past year Kindergarten No. 1 closed on the 15th of June, Kindergarten No. 2 closed on the 17th of June. Both schools re-opened on the 10th of September, 1894.

	Pupils Present.	Sent to Public School.	Average Register	Number Admitted.	Number Left.
School No. 1. . . .	100	20	100	91	64
School No. 2. . . .	90	25	90	36	9
	---	---	---	---	---
	190	45	190	127	73

School No. 1—Discharged, 2. School No. 2—Died, 2.

In School No. 1, 1,809 quarts of milk, 740 loaves of bread, and in School No. 2, 1,951 quarts of milk, 862 loaves of bread, and other supplies, were distributed.

I wish to express my thanks to the various committees for the conscientious manner in which they have performed their duties, especially to the Chairmen thereof, and I beg your kindest attention to the valuable reports of Mrs. J. Schnitzer, Chairman, House Committee, School No. 1, and Mrs. H. Strauss, Chairman of House Committee of School No. 2, also of Mrs. K. Kohler and Mrs. H. Gomez of the Supply Committee, which will give you details of the services rendered by these ladies, my appreciation of which I cannot adequately express in this short resume. Our officers, Mrs. Solomon Loeb, Treasurer ; Mrs. Otto A. Moses, Recording Secretary ; Miss Minnie Isaacs, Corresponding Secretary,

have attended to the duties of their respective offices in their usual efficient manner. Our thanks are due to all our kind friends, who by donations have enabled us to give pleasure and comfort to our little ones. I would like to name them all, but refrain from doing so, only because I do not wish to make this report too lengthy, but all are duly summarized in our Corresponding Secretary's report. Thanksgiving was again much enjoyed by our little ones, thanks to Mrs. Loeb's generosity, and the many ladies who assisted in entertaining the children. To Mrs. Leventritt, who furnished them with flowers, to Mrs. Gomez and Mrs. Kohler, who provided the oranges, their enjoyment of the treat was a rare compensation. We are specially grateful to Mr. Solomon Loeb who donated to us the sum of \$500. I desire to record his generous donation here, for the reason that it will not appear in our Treasurer's report until next year.

The Educational Committee of which Mrs. Arthur S. Levy is Chairman, has carefully performed its share of the labor, and the good results of their influence are shown in the standards of the schools.

I am under particular obligation to you all for the assistance you have rendered during the past year, for the many personal courtesies, and especially for the active part you have taken in making our schools a success. Nor can I ever forget the kindly feelings you have manifested towards me.

Respectfully submitted,

MRS. LEOPOLD WALLACH,
President of the Kindergarten H. F. S. A.

Report of Finance Committee.

To the President, Board of Directors and Members of the Hebrew Free School Association :

GENTLEMEN : We beg to submit herewith our report for the year ending November 30, 1894.

The various accounts have been examined and found correct, as per appended schedules.

The books of the Secretary are kept in a business-like manner and to our entire satisfaction.

A.—Resources.

B.—Detailed statement of receipts.

C.—Detailed statement of disbursements.

D.—Legacies and bequests.

E.—Bequests and donations in memoriam.

F.—Estimates for 1894 to 1895.

Respectfully submitted,

EDMOND E. WISE, *Chairman.*

DAVID KOHN,

M. S. ISAACS.
